**SCHEDULED AGENDA ITEMS:**

**WATER RESTRICTIONS:** Discussion addressed water shortage issues caused by reduced pumping from the Twin Creeks Well and a drop in water levels. Water levels in the tank have fallen from 25 to 21 feet overnight despite water conservation methods. The causes of the problem are under investigation in order to facilitate the necessary repairs, and the expected timeframe for resolution is a minimum of two weeks. Restrictions are crucial to maintaining drinking water and fire control. The resolution would restrict residents from all outdoor water usage including outdoor water play, watering lawns, and washing cars until further notice. Bulk water sales for commercial purposes will also be suspended until further notice. The penalty for violating the emergency restriction on outdoor water usage will be a misdemeanor and punishable by a fine not to exceed \$1,000. The resolution shall continue in full force and effect until such time as the well is repaired and there is no further emergency to the city's water supply as indicated by action of the mayor or council rescinding this resolution. It was moved by Councilman Bill Abbott and seconded by Councilman Patrick Cordova that the city approve **Resolution 2023-02: A resolution of the city council of the city of troy, Latah County, Idaho, proclaiming emergency restrictions on outdoor water use and restricting the sale of bulk water.** Motion passed by a roll call vote all in favor (Gray, Abbott, Cordova).
